What is it?

**Domestic** – refers to relationship
- Blood, marriage, residence, intimate partners

**Violence** – refers to harm
- Physical, sexual, emotional

“Any attempt to impose my will on another human being is an act of violence”
- Mahatma Ghandi
True or False

• Domestic Violence always involves physical harm such as black eyes and broken bones.

• Couples counseling is needed in cases of marriage or relationship abuse.

• It’s easy to get out of a violent relationship - just leave.

• Relationship abuse is pretty rare, affecting about 1 in 20 people.

• There are ample community resources to address domestic abuse. Churches don’t really have a big role to play.

DOMESTIC VIOLENCE
A pattern of learned behavior that one person uses to control another in an intimate relationship.

• At the root of all domestic abuse is one person’s need for power and control over the other.

• Although every abusive situation is different, the common element in all abusive situations is fear of one’s partner.

• Mental illness, substance abuse, and stress do not cause domestic violence; however, they may intensify abusive behaviors.
Domestic violence is an anger management issue.

Domestic violence is a small issue that only affects a few people.

Domestic violence is caused by substance abuse.

DV doesn’t happen in my church.

The Way of Our Lord

Do nothing out of selfish ambition or vain conceit. Rather, in humility value others above yourselves... In your relationships with one another, have the same attitude of mind Christ Jesus had: Who, being in very nature God, did not consider equality with God something to be used to his own advantage; rather, he made himself nothing ... he humbled himself by becoming obedient to death— even death on a cross! Philippians 2: 3- 11
Two Kinds of Power

The kingdoms of this world place their trust in whatever coercive power they can use over others ... The “power of the sword”

By CONTRAST, the kingdom of God refuses to use coercive power over others, choosing instead to rely on a power shown in humble, self-sacrificing love ... The “power of the cross”

Transforming, Ultimate Power = The Cross

Why Do Churches Care?

• We are a light to the world
  – We are not representing Christ well when abuse exists in our communities
  – Our marriages are a reflection of Christ and the Church

• We are one body
  – When one part hurts, it hurts the whole body
  – We are called to love and to care for one another
