Accessibility Standards for Customer Service A Guide for CRC Churches in Ontario

Introduction

The Accessibility for Ontarians with Disabilities Act (AODA) 2005 has established standards for public, private and not-for-profit sectors to comply. The goal is to remove barriers for people with disabilities and to make the province accessible by 2025.

Current standards are:

1. Customer Service
2. Information and Communications
3. Employment
4. Transportation
5. Built Environment

Accessibility Standards for Customer Service came into force January 1, 2008. The timeline for compliance and reporting under the Customer Service Standard for the Private and Not-For-Profit sectors was January 1, 2012.

The Final Regulation combines Accessibility Standards in three areas – Information and Communications, Employment, and Transportation, and came into force July 1, 2011. Compliance timeline for small Private and Not-For-Profit sectors was January 1, 2015.

The definition of “customer service” in a church environment can be interpreted as those who come to your church, such as congregation members, church attendants, students, community friends, etc. It may also extend to include those who rent the church building facilities for weddings, funerals, conferences, etc.

For Not-For-Profit organizations, including churches, the Accessibility Standards for Customer Service requires that your church:

1. **Develop customer service policies**, practices and procedures on providing goods and services to people with disabilities.
 - a. Policies – to indicate what your church intends to do, including any rules for staff and volunteers.
 - b. Practices – to indicate what are the usual practices of your church, including how your staff and volunteers actually offer or deliver services.
 - c. Procedures – to reflect your church policies, describe how your church will go about providing service or the steps staff and volunteers are expected to take in certain situations.
2. **Use reasonable efforts** to ensure that all your policies, practices and procedures are consistent with the 4 principles laid out in the customer service standard:

Dignity – program, ministry, goods or service is provided in a way that allows the person with a disability to maintain self-respect and the respect of other people.

Independence – when a person with a disability is allowed to do things on their own without unnecessary help or interference from others.

Integration – program, ministry, goods or service is provided in a way that allows the person with a disability to benefit from the same services, in the same place, and in the same or similar way as other customers, unless an alternate measure is necessary to enable a person with a disability to access programs, ministries, goods and services.

Equal opportunity – program, ministry, goods or service is provided to a person with a disability in such a way that they have an opportunity to access your programs, ministries, goods or services equal to that given to others.

3. The following items should be included in the policy:

- a. Welcome service animals and support persons
 - i. Allow guide dogs and other service animals to accompany people with disabilities on parts of your premises that are open to the public or other third parties, except where excluded by law.
 - ii. If guide dogs or other service animals are excluded by law, provide alternate ways for people with disabilities to access your goods or services.
 - iii. Allow people with disabilities to be accompanied by a support person when on parts of your premises that are open to the public or other third parties.
- b. Allow people to use their own personal assistive devices and on any measures your church offers to enable people to access your programs, ministries, goods or services.

4. Provide notice of temporary disruption

Provide notice to the public when there is a temporary disruption (planned or unexpected) of facilities or services that are usually used by people with disabilities to access your programs, ministries, goods or services.

5. Provide Training

- a. **Train staff and volunteers and other people who interact on behalf of your church with people of disabilities.** Train staff and volunteers and other people who participate in developing your policies, practices and procedures on the provision of program, ministry or service to the public in accordance with the training requirements set out in the standard. Provide the training as soon as it is practicable after they are assigned applicable duties.
- b. **Provide ongoing training in connection** with changes to your policies, practices and procedures governing the provision of programs, ministries, goods or services to people with disabilities.

6. Communicate with people with disabilities

When communicating with a person with a disability, do so in a manner that takes into account the person's disability.

7. Feedback Process

Establish process for feedback and your response to the feedback with regards to the programs, ministries, goods or services are provided to people with disabilities.

8. Documentation

Requirements if your church is a provider of programs, ministries, goods or services with 20 or more employees (full-time, part-time, seasonal, and contract, not including volunteers and independent contractors), you must:

- a. Notify your customers that the documents required under the standard are available upon request by posting the notice at a conspicuous place on the premises you own or operate, by posting it on your website or by another method that is reasonable in the circumstances.
- b. Provide a copy of the required documents to anyone who asks for them.
- c. When providing documents required by the customer service standard to people with disabilities, do so in a format that takes into account the person's disability.
